---

## Profile:

Motivated and self-taught **Full-Stack Web Developer** with strong foundations in **JavaScript, TypeScript, and React**.

After one year of dedicated self-study and a certified JavaScript course, I am pursuing a Junior Developer role to apply and expand my technical skills.

I bring persistence, adaptability, and a strong work ethic from diverse professional experience — now fully focused on building a career in tech.

---

## Technical Skills:

**Frontend:** HTML5, CSS3, JavaScript (ES6+), TypeScript, React, React Router

**Backend:** Node.js, Express.js, REST APIs, Server-Sent Events (SSE)

**Databases:** MongoDB, MySQL

**Tools:** Git, npm, VS Code, Postman

**Other:** API integration, Web scraping, Authentication (JWT), CRUD operations

## Education & Certifications:

**Rekvalifikační kurz – Tvorba WWW aplikací (JavaScript Advanced)**

Accredited by **MŠMT (Czech Ministry of Education)**

4-month course covering JavaScript, HTML, CSS, Node.js, and MySQL fundamentals.

**Gymnázium Postupická, Prague — High School Diploma**

Broad academic education (language, science, humanities).

## Self-Study (1 year)

Focused on Full-Stack JavaScript, React, and backend development through online courses, technical books, and certifications ([freeCodeCamp.org](https://freeCodeCamp.org)).

---

## Projects:

**TheFoodGuideBook — Full-Stack Nutrition & Recipe App**

**React | TypeScript | Node.js | Express | MongoDB**

A full-stack app aggregating nutrition and recipe data from Wikipedia and USDA APIs.

Includes an admin panel, authentication, and real-time updates via **Server-Sent Events**.

## Highlights:

- Designed and implemented RESTful API with Express and MongoDB
- Redux, CRUD
- Created backend scraper for food and recipe data aggregation
- Implemented real-time synchronization between backend and frontend

## GitHub:

## Insurance Web App (Course Project)

### JavaScript | Node.js | MySQL

CRUD-based insurance management system developed during a 4-month accredited JavaScript course.

Practiced structured app development, SQL database design, and backend routing.

---

### Core Strengths:

- Analytical & quick learner
  - Teamwork and communication
  - Time management & reliability
  - Problem-solving mindset
  - Continuous improvement
- 

### Work Experience:

#### Taxi Driver — Bolt / Uber (2023–Present)

Efficient navigation, communication, and time management in dynamic environments.

#### Custom Garden Realization — Private Contractor (2022–2023)

Collaborated with architects to implement garden and outdoor design projects.

#### Social Media Manager — Social Goals s.r.o. (2021–2022)

Managed client social accounts, created content schedules, and analyzed engagement.

#### Hotel Portier — Hotel Imperial (5★) (2020–2021)

Front desk and guest relations at a luxury hospitality environment.

#### Construction & Catering Roles — Stones / A-Z Works s.r.o. (2017–2020)

Supported event logistics and on-site construction projects.

### Languages:

 **Czech:** Native

 **English:** Upper-Intermediate (B2)

 **German:** Beginner (A2)

---

### Career Goal:

To grow as a **Full-Stack Software Developer**, contribute to real projects, and gain hands-on experience within a professional dev team.

Open to **junior, trainee, or internship positions** (onsite or hybrid) in Prague.

---

### Additional Information:

- Willing to relocate or work hybrid
- Open to pursuing a Computer Science degree later
- Actively developing new portfolio projects on GitHub
